

EXPRESSION OF INTEREST TO CONDUCT RESEARCH INVOLVING THE STaR ASSOCIATION

Proposed project

Title of project:

Summary of project (100 words maximum):

Significance of the project for the community and/or the field of early childhood intervention (100 words maximum):

Potential benefits for the STaR Association:

Expected timeline:

Start date:

Completion date:

Participants:

What is required of STaR (who would participate, their actions, time required)

University research ethics application

Has been approved Is under review Is underway

Investigator(s) Academic supervisor's details are essential if you are a student.

Chief Investigator

Name:

Organisation:

Position held:

Email:

Additional Investigator(s) – copy and paste for any additional investigators.

Co-investigator Associate investigator Academic supervisor

Name:

Organisation:

Position held:

Degree course (if a student):

Email:

My commitment

1. I have read the STaR *Guidelines for Researchers*.

2. If the STaR Research Committee approves this Expression of Interest in principle (i.e., gives provisional approval), I understand I will need to **supply the following documents** to the Committee Chair:

(a) a copy of the **letter of approval from my institution's ethics review body** to conduct this research

(b) **a copy of the ethics application** I submitted to my institution's ethics review body, including any research measures (e.g., survey, interview questions), information letters, consent forms

(c) the approval number and expiry date of a **Working With Children Check** if I or any other research personnel will have contact with children during the project

3. I will then wait for the Committee's full approval before beginning my research.

4. I understand that if my proposed project is given full approval by the STaR Research Committee, I will need to supply the following to the Committee Chair **at the completion of my project:**

- (a) a summary of the research project
- (b) a copy of any publications arising from the project
